Mr. Yach,

Please see below for an example access agreement. We would like to access the lodge property to install an additional monitoring well near the two down by the lake. The construction would be similar, with flush-mounted covers. After installation and development of the new well, we will sample all three wells.

At this time, work is scheduled to begin the week of August 1, but may change since we have not finalized our contract.

Thank you for reviewing this form. Your cooperation is appreciated. Please let me know if it is acceptable. If so, I will create a final document with your address added to it.

Regards,

Bob
